## Skills – Task Managers - Resources

2

The screenshot displays a project management application with a Gantt chart view. The main window shows a task list on the left and a Gantt chart in the center. A right-hand panel titled 'Skills/Resources/Task managers' is open, showing a list of roles with checkboxes. A green callout box points to this panel and contains the following text:

Possibility to select your favorites and put them on top. Applies for:

- Skills
- Tasks Manager
- Resources

The 'Skills/Resources/Task managers' panel includes a search filter and a list of roles:

- System Engineer
- Trainer
- Designer
- Marketing
- Product Engineer
- Project Manager
- Seat Testing
- Software Developer
- Software Engineer
- Supplier
- SW Engineering Team
- SW Team
- System Tester
- VD

The 'Task properties' panel at the bottom shows details for task #3, 'Stream 1', including duration, priority, and task type.

# Search Skills and Resources

## *Filter in Resource Requirements Editor Box*

The screenshot displays the A-dato software interface for task management. A table lists tasks with columns for ID, Name, and Buffers. Task 9, 'Development Firmware', is highlighted. A 'Resource requirements' dialog box is open, showing a search filter 'sys' and a list of skills including 'System Engineer' and 'System Tester'. A 'Selected resources' table shows 'S: Product Engineer [\*Carl Brandon:32h]' with an estimated work of 4 days. A 'Skill property values' table is also visible, showing a property 'Country' with an operator 'Equal' and a value 'From resource: NL'. A green callout box points to the '>>' button in the dialog, stating 'Add another skill to task 9 by using these button.' Another green callout box points to the search filter, stating 'Find skills for task 9 via the Requirements Editor Box and using the filter.'

#	ID	Name	Buffers
5	5	Sourcing Materials	0% 0%
6	6	Feeding buffer	n/a 0%
